@alex

MR

What was the cap on earnings we agreed on again?

looked back

i said 2/3x investment

MR

but didn't get a fianl answer

@alex respond when free

Moshe Sacks

I thought after 3x we'd renegotiate

Mason Rothchild

exactly

MR

that cool?

Moshe Sacks

Yeah

That's not a cap tho

Mason Rothchild

lit ok almost done with ut

yeah just negotiation

but like if i have 100 projects in a year

all collecting royalties

ideally like to have a point where i have a

MR

designated spot to renege. terms

But there should be some framework for what the max /min should be for that renegotiation

Mason Rothchild

hmm

haha i might have to get a lawyer to look this over with the different stipulations now

it's a little beyond my pay grade now for like professionalism

MR

Cause that's SUPER open ended of me

Yea we have a lawyer we can use

To talk w you're

Mason Rothchild

royalties on future projects forever

MR

would be a bad deal to sign

Yea i mean as of right now

We're super down on our investment

Cuz of the whole MB incident

Mason Rothchild

i feel

MR

but im also handing out of my pocket

So we're just trying to come up with something fair that will help recover our

Mason Rothchild

MR

yeah that's why its 3x return on investment

Right but the point of VC is:

Invest super early with high risk

To bet for 100x return

Cuz if we just want a 3x we can play something safe like stocks or whatever

You know

Mason Rothchild

yeah

MR

what's ideal term

Moshe Sacks

I'm fine if you want to try and change the terms of what we agreed on as long as if we don't like em, we can just end the deal and you pay us out the 120 in full and we're clean

Mason Rothchild

im not changing the terms though

lol

you agreed to the renegotiate at 3x investment recouped

im just saying that we should have a lawyer draft it up

cause it's a little complicated of a contract now

MR

Mason Rothschild

MR

2 Replies

MR

cause this is a little messy rn

Right

The main point for why we invested was that we thought we were getting % of all future mason Rothschild projects

And that's why we were so excited

Mason Rothschild

MR

but that's still true

It just becomes way less interesting once you try to limit that upside for us

Mason Rothschild

i was just asking

what the "But there should be some framework for what the max /min should be for that renegotiation"

i just dunno how to write that

MR

cause im not a lawyer

Imo there shouldn't be a renegotiation period

Mason Rothchild

MR

so i was asking what you suggest i put

Like i guess that's what I'm referring. To

Mason Rothchild

MR

so it's just 1/3rd of everything i do forever

1 Reply

MR

2 Replies

Moshe Sacks

This isn't right btw. It's too high of a cut for us. After MB were supposed to get 1/7th of mint+royalty

MR

so it's just 1/3rd of everything i do forever

1 Reply

Any NFT project yea

That's what we initially agreed on

And again why we were so pumped

Mason Rothchild

MR

ok

Moshe Sacks

I'd also be fine building in the first
renegotiation

After 3x our cut goes down by 30%

Mason Rothchild

wait i thought this was purely royalties deal

1/7 of mint + royalty?

cause the deal sent by you says

1%

right?

im a little confused about the 1/7th

that means for ILYYW, sacks capital would
get approx 500k

550k*

that's 14% of everything essentially

Moshe Sacks

Well you have a partner there right

So we wouldn't get a share of ur partners
cut

Mason Rothchild

yeah

but i think i asked this question before

how did 1% become 1/7th

i don't get the math there

To my understanding it was 2.5% of the MetaBirkins project royalties forever + 1% of royalties of future projects on projects where I'm the lead artist aka like 50% of ownership or more of the project

MR

Mason Rothchild

MR

1 Reply

MR

this one

I'll defer to alex on this since he did initial negotiations

Mason Rothchild

fasho

like i said

MR

willing to work it out but i think a little was lost in translation

MR

1 Reply

Moshe Sacks

So this says 2.5% of opensea sales on metabirkins and then 1% of gross sales on future projects which is royalties+mint

Moshe Sacks

These are the exact screenshots of the agreement

Mason Rothchilde

Yeah 1%

MR But where is the 1/7th?

2 Replies

Moshe Sacks

Ahhh ur talking about this

It's not 1/7th of mint

Just 1% of gross sales for mint and 1% of gross sales for aftermarket

Mason Rothchild

MR

but where did the 1/7th come from

Moshe Sacks

Well 1% of aftermarket gross sales

That is coming from whatever ur cut of royalties are

Bc royalties are a pct of gross sales

Mason Rothchild

wait can you call

MR

im still not understanding the 1/7th

Moshe Sacks

It's pretty straight fwd

100 dollars in sales. 7% royalty. We get 1% of the 100 or 1/7th of the total royalty pie

Mason Rothchild

but that's not what the royalty is from project to project

thats why i put variable

so it's sorta an irrelevant number

royalties

can range from 0-100

0%

Moshe Sacks

Sure

But we originally agreed on 1% of gross sales

Then you asked if it can scale if royalties are lower than 7% and we said yes

Keep in mind we also let you add the renegotiate clause after the deal was consummated

Mason Rothchild

the deal is a little confusing though, we did it rather quick

MR

Moshe Sacks

And what I said was that we can scale at that same ratio of 1/7. So we're still getting 14% of the royalty pie even if the Rotty is lower

Mason Rothchild

cause this i didn't state mint as well

MR

i was under the assumption that this was a pure royalty deal

Moshe Sacks

This was literally the scroll above if you read ur texts

Pretty clear I said mint

Mason Rothchild

errr

ok im going to have to figure this out cause event when I sent this past revision

it never said mint

and you guys said the only change was to add the sliding scale of royalties

MR

never told me to add verbage on the mint

imo the contract was always a WIP and was just trying to officially mold to the OG deal

Moshe Sacks

But the contract I sent you had 1% of gross sales vs. 2.5% of opensea sales which clearly means I thought it was mint

I never had a proper look the contract and we always were going to review that piece w a lawyer

We're not trying to pull any funny business, this is just genuinely what we thought we agreed to

Hence Alex's screenshots above ^

Mason Rothchild

yeah but then

MR

like i sent a revised version of that contract

Moshe Sacks

But look I don't want you to feel like we are cheating you or anything. If we had a misunderstanding and you think we have too good of a deal you can buy us out at cost

Mason Rothchild

and the only change that was said to be made

MR

1 Reply

was to add a chart

MR

of the royalty scale

MR

and the only change that was said to be made

Moshe Sacks

It's obviously a work in progress if we are still negotiating a renegotiation clause and shit

Mason Rothchild

MR

so I would send back 120k - royalties paid already?

1 Reply

Moshe Sacks

We just had different understandings of the deal

Mason Rothchild

yeah i purely thought it was just royalties

from to ss above

we were also having some random convos in between

so i couldda misunderstood

MR

which is why i clarified with the revised contract

cause the 1% of gross sales on everything i do mint + royalties

MR

i wasn't aware of

Gotcha

Mason Rothchild

like this is what the statement said, and the only change i was told to make was to add a chart below

MR

for royalties

I hadn't looked at the contracts yet / was waiting for official draft to review with lawyer just FYI

Mason Rothchild

i feel it

MR

just going off alex

Yea

MR

so I would send back 120k - royalties paid already?

1 Reply

Yes

Mason Rothchild

Imk how to proceed

damn lol

MR

L of a deal

If you're no longer comfortable than we can go that route

Mason Rothchild

MR

eth is down bad

Yea i mean look

ok

MR

lemme do the math

Ok

Mason Rothchild

im just not comfortable

with the 1% of mint

cause i didn't even know that was part of it
til now

MR

everything else i was cool with negotiating

gotcha

Yea I mean to us, that was a core part of our
understanding of the deal

But again

No hard feelings either way

Just a miscommunication that we can move
on from

Mason Rothchild

Alright

MR

I'll figure this out while i get a haircut

If we had a cap stipulatuon

Thid deal could work

But forever is a long time

MR

You have to be able to aaree with that

That sounds like a disaster waiting to happen in a few months time if everything goes to plan

I was simply asking for a cap/renegotiation period

At 3x recoupment

MR Which i think is fair

Right but mason that sort of goes against the whole premise of a VC deal

A16Z invests 1m into a random startup because they plan to recoup billions of dollars from that' 1 investment for 20+ years

Or until they sell

You know what i mean

Mason Rothchild

But im not even an entity

Hahaha

I can't be sold

Im a person

MR Hahahaha

Lmao

You know what i mean

Mason Rothchild

What if the clause is written as like royalty

Not cap

Just a set number

But like I do need more help from that side

MR

Resource wise

MR

Think there is still a deal to be made

Moshe Sacks

Sorry was just getting a manicure lol

Mason Rothchild

MR

Hahaha

Mason Rothchild

MR

Damn j missed that call

MR

Y'all want to chat soon? I couldn't really come up with better terms.

Moshe Sacks

Better terms than what?

Like we signed an agreement thinking we bought x and you thought we bought y

So not sure what the current agreement even is

Jesse Lee

Why not then just return the money and everyone just start fresh? Do a diff deal altogether w correct terms or better understanding

JL

Seems like the current one is still TBD

Mason Rothchild

Yeah thats the thing I'm not sure what the current agreement is.

I can do that. But I do think there is a deal

MR

Moshe Sacks

Yeah very happy/excited to work together but I paid 120k for what I thought was x and you're telling me I bought y. I frankly wouldn't have made the deal if I knew I was buying y. So either we can start over or we can restructure the deal and agree on a different price for what you'd be open to give us.

These misunderstandings happen

Mason Rothchild

I just think both of the agreements we sent were super different

MR

Cause i never thought mint was part of it.

Moshe Sacks

I wired the money based on the text agreement which was pretty clear on including the mint

Frankly think the contract drafts are irrelevant given they weren't signed

Mason Rothchild

I feel it.

What I'd be willing to do is the same agreement but with some sort of cap/renegotiation period.

It's also like unclear cause in the text agreement it says it doesn't include "partnership deals"

Where like ILYYW is a "partnership" deal

So it gets a little confusing there

I just don't want any confusion down the line.

MR

Moshe Sacks

Yeah that's why I asked you to come back with a new offer

Because this is a new deal to me

MB is obviously very different today then it was

Mason Rothchild

MR

Deal is pretty much all the same.

[1 Reply](#)

MR

Definitely, so is ETH haha.

Moshe Sacks

We paid you in dollars tho

Mason Rothchild

MR

But that's the thing, I'm willing to include all the things.

Moshe Sacks

So not sure why eth matters

We never had a cap when we negotiated

So I don't know what the "same deal is"

Bc I don't even know what our current deal is lol

Mason Rothchild

I mean the original deal is all very messy tbh.

That's what I'm trying to sort of just for clarification.

Moshe Sacks

 I have no idea what you think our current deal is...

Mason Rothchild

 MR The one your referencing.

Moshe Sacks

2.5% of MB mint and 1% of all sales and after sales on projects you are the lead artist is the deal I thought I signed

 Sorry 2.5% of MB after sales**

Mason Rothchild

Correct, and my understanding was the deal was 2.5% of MB royalties + 1% of royalties of projects that I'm the lead artist.

 MR all sales is very convoluted cause we have airdrops, merch, and artist deals for ILYYW.

Moshe Sacks

Ok so we don't have any deal in place right?

 Bc we can't even agree what deal we have lol

Mason Rothchild

I'm just trying to get clarity.

 MR Cause it's all a little untidy.

Moshe Sacks

Well we can agree that you thought you agreed on something different right

Mason Rothchild

Correct. And agree that the terms are a little untidy.

MR

Like ILYYW are you expecting a share of that project for example./

MR

Deal is pretty much all the same.

1 Reply

Moshe Sacks

So how are you rationalizing this statement with the fact that we don't even agree on the deal we have in place?

Mason Rothchild

MR

Because I'm willing to keep all your terms the same, but with a cap/renegotiation.

Moshe Sacks

But that's a different deal right?

Mason Rothchild

Like remember when you said you'd be cool with 2/3x recoupment then renegotiation

i mean but we never signed a deal like you said

we were waiting to come to terms

MR

then get it vetted by a lawyer

Moshe Sacks

I thought we were just papering the terms we had in the chat not changing the terms

Obviously wouldn't have wired money without an understanding of what I was buying lol

Mason Rothchild

We had a deal, I'm just saying I think we were both confused on the terms.

Like I said, we don't even know what is full consideration of the projects where I'm the lead artist

MR

Moshe Sacks

That's a technicality for the lawyers

Mason Rothchild

MR

yeah

Moshe Sacks

But I thought I was getting 1% of the mint

I didn't think there was a cap when I wired the money

Mason Rothchild

that's the thing I didn't know that mint was part of it

MR

mint of ILYYW alone would pay investment out already

Moshe Sacks

So again

If I thought I was buying x and you didn't think you were selling x. We really don't have a document deal

a current deal

Case 1:22-cv-00384-JSR Document 184-27 Filed 03/28/23 Page 45 of 58

Mason Rothchild

MR

Yes, that's why I'm trying to find clarity to find a deal.

Moshe Sacks

And instead of trying to hold you to something you don't want to do. I'm happy to let you return the money and we can negotiate from scratch

[1 Reply](#)

Mason Rothchild

But if you don't think that's possible I understand.

Ok.

Going to sell an ape and resend back.

MR

Since eth dropped significantly since

Moshe Sacks

Sure but I didn't pay you based off the price of eth

I took 120k and put it into eth

And sent it to you

Mason Rothchild

yep

MR

that's why i'm sending the full amount

Moshe Sacks

And when eth kept dropping I had to keep buying more

MR

didn't deny that

Moshe Sacks

Yeah but you keep bringing up that eth dropped. Not sure why that matters

Mason Rothchild

I was explaining why I need to sell something.

To send you the full amount.

MR

Pretty simple.

Which ape are you gonna sell

Mason Rothchild

MR

Moshe Sacks

Ahh got it. Sorry I'm not trying to be a hardass here. Just thought you were saying that eth being lower is a tenant of the negotiation

My b

Mason Rothchild

MR

aka I don't have the full amount in eth in my metamask, so I will sell something to recoup the amount to resend

And instead of trying to hold you to something you don't want to do. I'm happy to let you return the money and we can negotiate from scratch

4 DRAFT

Yea i think this makes sense. To your point i think it was just rushed and a little too quick so happy to click the reset button

Mason Rothchild

I will say

Just for reference.

MR

Or just for the record*

Mason Rothchild

MR

That if we keep the same terms with a cap/ renegotiation period

1 Reply

It would be better on that end, cause at this rate the investment for a similar deal like if it were to include things like ILYYW

would be be big change

If you wanted to take that into consideration

Like I'm not asking to change anything but add a cap

Even if you guys wanted to have that be like 3-5x recoupment

Cause you seemed cool with that at first

You get me?

Like all I'm asking is that I'm not stuck in a 360 deal forever

MR

I think that's fair cause it's a promise of a good return on your end

MR

That if we keep the same terms with a cap/renegotiation period

1 Reply

Moshe Sacks

I'm just unclear what the starting point for this is bc we don't agree on what the terms were

Mason Rothchild

Wait, I sorta' just remembered.

The final agreed terms were

2.5% of MetaBirkins post-mint royalties
1/3 of royalties of other projects

because our conversation was 1% of all things is confusing

cause 1% of mint is a different verbiage than 1% of royalties

and we both felt that the language was confusing

it was too generage

general*

cause let's say

1% of 100% for mint
does that mean 1% of 5% for royalties?

or does that mean 1% of my 2.5% meaning if my 2.5% of royalties in february 2022 is 100k you get 1k?

get me?

MR

that language is super confusing

Moshe Sacks

I'm very sympathetic to the fact that you were under the impression you agreed to something different

But the only thing I can find that we agreed on is in our text conversation which specified that the 1% included mint

Mason Rothchild

MR

Ok understood

Moshe Sacks

I'm very very down to immediately do another deal btw

Mason Rothchild

MR

but do you get the confusion

Moshe Sacks

But think the starting point should be from zero

Mason Rothchild

in thr 1% of royalties versus mint

MR

like let's say we proceeded

does 1% of royalties mean

if royalty is 10% and worth 100k you get 10k for your 1%

verus if royalty is 100k and you get 1% you get 1k

MR

you get how that could be a big point of confusion

Moshe Sacks

The 1% is just 1% of gross sales

And then you asked if it could be a sliding scale of the royalty is less than 7% and I said sure. We can keep the same ratio

Mason Rothchild

MR

so if we sell 3,000,000 mint + 1,000,000 after market Sacks Capital gets \$40,000

Moshe Sacks

Correct

Sorry not correct

Mason Rothchild

MR

?

Moshe Sacks

If the royalty is 10% we'd get more than 1% bc the ratio holds at 1/7th

Mason Rothchild

see that's where i never understood that

i remember saying "im not understanding the math here"

MR

and truman agreeing

Moshe Sacks

Well you asked for that clause

Mason Rothchild

see how this is confusing

Moshe Sacks

I'm fine with the math you laid out

That was what I originally agreed to

Mason Rothchild

yeah but you see how theres multiple deals
haha

MR

Moshe Sacks

And then you asked for it to be a sliding scale

No that was me bending over to you to be nice to be clear lol

Mason Rothchild

MR

im still super confused hahaha

Moshe Sacks

So that you didn't get too hurt if the royalty was 5%

Mason Rothchild

but then thats different from gross sales

MR

and now you can see how I only really thought this was a royalty deal

Moshe Sacks

Look I agree that you thought you agreed to something else and I'm sympathetic to it and not trying to enforce something you don't want

Which is why I keep saying

Let's cancel our deal

You pay us out

Mason Rothchild

MR

ok

Moshe Sacks

And we do a new agreement from scratch

Mason Rothchild

i know

but what i am saying sorta

this rate is really good for you guys

hahaha given the circumstances of what im
doing now

literally that's what im saying

like if we were to renegotiate similar terms

it would be at a much higher investment

you got in at the ground level, which i
appreciate greatly

MR

Moshe Sacks

And I'm not trying to be a dick and hold you
to something you didn't intend to agree to
either to be clear

And still want to work together

Mason Rothchild

MR

and that's why im trying to revise our current
deal

Moshe Sacks

But never want to work on terms that you're

not happy with ect

Mason Rothchild

of course

MR

but that's why were working them out

Moshe Sacks

Right and I'm just saying I think it's easier to start from zero than try and rework "current terms" which I frankly am unclear on at this point too

I think we're on the same page here

Mason Rothchild

ok

MR

so you want to resend funds as a formality

Moshe Sacks

And I still very much want to have an agreement in place

Mason Rothchild

MR

and then renegotiate

Moshe Sacks

Just rather you send us a contract from scratch and negotiate of that then what I thought I agreed to vs you ect

Mason Rothchild

im jsut saying if we were to renegotiate it'd be like a lot more than 120k given the new projects in line

MR

Moshe Sacks

I personally would rather that though bc

But Jesse and Truman might feel different

Mason Rothchild

ok

do you want to chat with them first

or

do i sell this ape

MR

hahaha

Jesse Lee

As someone newer to this convo and just how I prefer to do deals, I think we should start fresh. I wasn't involved in the beginning so seems most logical to just redo from scratch

JL

Mason Rothchild

MR

fair

Jesse Lee

That seems fair to everyone too

And I'll work w everyone regardless

JL

So complete redo seems best

Mason Rothchild

MR

gotcha

Sun, Jan 9, 6:06 PM

Mason Rothchild

MR

ok i can send now

Moshe Sacks

Jesse wanna send ur address

Mason Rothchild

MR

Moshe Sacks

Actually it'll be easier to send to one and let us deal in the background

Mason Rothchild

107,601.48

is owed

MR

does that include the gifted metabirkin?

MR

and then remainder in gnosis i'll just have you guys send to me

MR

MR

or confirm to send

MR

also just to confirm, we have no guarantee of a deal once this is complete right?

MR

cause I do have other offers on the table

MR

i just don't want to look like an asshole after if we don't reach a deal

Moshe Sacks

Yup. Once we unwind this id like to reach something that works

But if we can't find that then it is what it is

Mason Rothchild

ok

MR

let me know what wallet to send to

Moshe Sacks
